### **9B Charges for paper bills or paying bills at Australia Post prohibited**

The *National Energy Retail Rules* are modified by inserting after rule 35 the following rule—

#### **35A Charges for issue of paper bills or paying bills at Australia Post prohibited**

- (a) the retailer issuing a small customer with a paper bill (instead of, or in addition to, issuing the customer with a bill electronically), or
- (b) a small customer paying a bill in person at an Australia Post outlet.

### **9C Early termination charges**

The *National Energy Retail Rules* are modified by omitting rule 49A and inserting instead—

- (2) Subrule (1) does not prevent a retailer from recovering from a customer who terminates a fixed term retail contract or fixed benefit period early the reasonable costs incurred by the retailer for the installation of any of the following at the customer’s premises—

- (a) a solar photovoltaic system,
  - (b) a battery storage system,
  - (c) a digital meter,
  - (d) any associated equipment.
- (3) Subrule (1) does not prevent a retailer from recovering a charge payable where a customer terminates a fixed benefit period early (even if this coincides with the termination of the market retail contract) if—
- (a) the benefit to the customer during the period includes a fixed tariff or a fixed charge for energy provided under the contract, and
  - (b) the contract includes details of the amount or manner of calculation of the charge, and
  - (c) the charge is a reasonable estimate of the costs to the retailer resulting from the early termination.
- (4) For the purposes of subrule (3) (c), the costs to the retailer are the reasonable costs incurred or to be incurred by the retailer, and do not include costs based on lost supply or lost profits.
- (5) This rule is a minimum requirement that is to apply in relation to small customers who purchase energy under a market retail contract.

## **10 Late payment fees**

Rule 73 of the *National Energy Retail Rules* is modified by inserting the following subrule at the end of the rule—

- (2) A retailer must waive any fee payable under a customer retail contract with a small customer for late payment of a bill for customer services in the following circumstances—
- (a) if the contract is a contract for electricity or a dual fuel contract and the customer receives the Low Income Household Rebate or the Medical Energy Rebate;
  - (b) if that bill, or another bill given to the customer under the contract, is the subject of a matter being considered by the energy ombudsman;
  - (c) if the bill is subject to an arrangement to pay by instalments under a payment plan;
  - (d) if any part of the bill is paid by a voucher issued under the Energy Accounts

Payment Assistance Scheme;

- (e) if the retailer is aware that the customer has sought assistance to pay the bill from a participating community welfare organisation that issues vouchers under the Energy Accounts Payment Assistance Scheme.

**10A Waiver of early termination charges**

The *National Energy Retail Rules* are modified by inserting after rule 73 the following rule—

**73A Waiver of early termination charges**

- (1) This rule applies to a market retail contract for the sale of electricity or a dual fuel contract to the extent that a term or condition of such a contract applies to the sale of electricity under that contract.
- (2) A retailer must waive any early termination charge (however described) payable under a market retail contract with a small customer if the customer—
  - (a) is a hardship customer; or
  - (b) at the time of the last bill given to the customer before termination, received the Low Income Household Rebate or the Medical Energy Rebate; or
  - (c) paid any part of the last bill given to the customer before termination by a voucher issued by a participating community welfare organisation under the Energy Accounts Payment Assistance Scheme.
- (3) Despite any other provision of this rule, a retailer is not required to waive the recovery from the customer of the monetary costs to the retailer of any up-front inducements offered to the customer to induce the customer to enter into the market retail contract, calculated on a pro rata basis (according to the period for which the contract was in force).

**10B Vulnerable customers—charges for de-energisation and re-energisation prohibited**

The *National Energy Retail Rules* are modified by inserting after rule 76 the following rule—

**76A Vulnerable customers—charges for de-energisation and re-energisation prohibited**

- (1) A retailer must not impose a charge or fee on a customer to de-energise or re-energise the customer's premises with electricity (or to arrange to do so) if the customer—

- (a) is a small customer of the retailer, and
- (b) has an electricity meter that has the ability to—
  - (i) be read remotely by or on behalf of the retailer, and

  - (iii) paid any part of a bill issued by the retailer by way of a voucher issued under the Energy Accounts Payment Assistance Scheme, or
  - (iv) received the Low Income Household Rebate, the Medical Energy Rebate, the Life Support Rebate or the Family Energy Rebate.
- (2) A term or condition of a customer retail contract with a customer has no effect to the extent that the term or condition requires the payment of a charge or fee in contravention of subrule (1).
- (3) This rule does not apply to the de-energisation of a customer's premises in accordance with rule 113 or 114.
- (4) This rule ceases to have effect at the end of 31 August 2020.

## **11 Planned interruptions to supply**

The *National Energy Retail Rules* are taken to be modified by inserting after rule 90 the following rule—

### **90A Shorter notice periods for planned interruptions**

- (1) The period of notice of a planned interruption of supply of energy specified by rule 90 (1) may be varied by agreement in writing between the distributor and a customer.
- (2) The agreement must—
  - (a) specify that the customer consents to the varied notice period either generally or in a particular specified case or class of case; and
  - (b) notify the customer of the right to at least 4 business days notice of an interruption to supply if the period is not so varied.

- (3) If an agreement is made under this rule that provides for a planned interruption to occur with notice on the day of the interruption, the following do not apply to the interruption—

- (4) If an agreement is made under this rule that varies the period of notice other than as referred to in subrule (3) in respect of a planned interruption of supply, rule 90 applies as if the period specified in rule 90 (1) were the minimum notice period specified in the agreement for the interruption.
- (5) If the period of notice for a planned interruption is varied as referred to in subrule (4), the references to the periods specified in rules 99 (1) (b) and 125 (2) (d) and clause 10.2 (b) of Schedule 2 are taken to be references to the period of notice as so varied.
- (6) The distributor must retain a copy of the agreement for a period of not less than 2 years.
