2 Weekly payments during partial incapacity

An amendment made by the 2010 amending Act to section 40 of the 1987 Act applies only to compensation payable pursuant to a claim for compensation made after the commencement of the amendment (and so applies even if the injury concerned was received before that commencement).

3 Retirement age

The amendment made by the 2010 amending Act to section 151IA of the 1987 Act does not apply to an award of damages in proceedings commenced before the commencement of the amendment.

4 Rates applicable for occupational rehabilitation services

The repeal by the 2010 amending Act of section 63A (3) and (4) of the 1987 Act does not affect a claim for an amount payable under that section made before the commencement of the repeal and that section and regulations under that section continue to apply in respect of such a claim as if the provisions had not been repealed.

5 Reimbursement for costs of medical certificate and examination

Section 73 (3) of the 1987 Act extends to compensation payable in respect of the obtaining of a permanent impairment medical certificate and any examination required for the certificate before the commencement of that subsection.

6 Lump sum compensation to be paid before damages recovered

Section 280B of the 1998 Act extends to a claim for damages that is pending immediately before the commencement of that section (but does not apply to a claim finally determined or settled before that commencement).

7 Appeal against medical assessment

An amendment made by the 2010 amending Act to section 327 or 328 of the 1998 Act extends to a medical assessment made before the commencement of the amendment (including an appeal made before that commencement) but not so as to affect any decision of a court, the Registrar or an Appeal Panel made before the commencement of the amendment.

8 Appeal against decision of Commission constituted by Arbitrator

(1) An amendment made by the 2010 amending Act to section 352 of the 1998 Act does not apply to an appeal when the decision appealed against is a decision made before the commencement of the amendment, except as provided by subclause (2).

- (2) This section does not prevent a claim for damages from being made before any permanent impairment compensation and pain and suffering compensation to which the worker is entitled in respect of the injury has been paid.

Note—

This section ensures that an injured worker receives the compensation to which the worker is entitled before damages are recovered (because section 151A of the 1987 Act would prevent the payment of compensation after damages are recovered).

[14] Section 328 Procedure on appeal

Omit section 328 (2) and (3). Insert instead:

- (2) The appeal is to be by way of review of the original medical assessment but the review is limited to the grounds of appeal on which the appeal is made. The WorkCover Guidelines can provide for the procedure on an appeal.
- (3) Evidence that is fresh evidence or evidence in addition to or in substitution for the evidence received in relation to the medical assessment appealed against may not be given on an appeal by a party to the appeal unless the evidence was not available to the party before that medical assessment and could not reasonably have been obtained by the party before that medical assessment.

[15] Section 352 Appeal against decision of Commission constituted by Arbitrator

Omit section 352 (1)–(3). Insert instead:

 - (b) at least 20% of the amount awarded in the decision appealed against.
- (3A) There is no appeal under this section against an interlocutory decision except with the leave of the Commission. The Commission is not to grant leave unless of the opinion that determining the appeal is necessary or desirable for the proper and effective determination of the dispute.

[16] Section 352 (5) and (5A)

Omit section 352 (5). Insert instead:

- (5) An appeal under this section is limited to a determination of whether the decision appealed against was or was not affected by any error of fact, law or discretion, and to the correction of any such error. The appeal is not a review or new hearing.
- (5A) An appeal under this section stays the operation of the decision appealed against pending the determination of the appeal. However, an appeal does not stay or otherwise affect the operation of a decision as to weekly payments of compensation and weekly payments of compensation remain payable despite any appeal.

[17] Section 352 (6)

Insert "The Commission is not to grant leave unless satisfied that the evidence concerned was not available to the party, and could not reasonably have been obtained by the party, before the proceedings concerned or that failure to grant leave would cause substantial injustice in the case." at the end of the subsection.

- (3) Without limiting subsection (1), if an Appeal Panel is satisfied that its decision or any medical assessment certificate it has issued contains an obvious error, the Appeal Panel concerned may correct that error and, if necessary, issue a replacement medical assessment certificate (which is to prevail over any previous certificate).
- (4) The reconsideration of a matter that is in response to an application for reconsideration must be completed within 2 months after the application is received.
- (5) This section does not affect any other power under this Act or the 1987 Act to review or amend a decision.
