**[7] Dictionary**

Omit the definitions of **gas appliance**, **gas installation** and **gasfitting work**.

Insert in alphabetical order:

**basic metering equipment** means a gas meter and any equipment prescribed by the regulations for the purposes of this definition when used in conjunction with gas meters.

**consumer service** means any pipe or system of pipes used to convey or control gas, and any associated fittings and equipment, that are connected to a gas network upstream of the gas supply point, but does not include any part of a gas network.

**gas appliance** means any gas burning or gas using appliance that is manufactured,

adapted or designed for connection to a gas installation, whether by means of a gas outlet socket or otherwise, and includes any liquefied petroleum gas dispenser, catalytic burner or vapouriser, but does not include an internal combustion engine that is installed in, or forms part of, a vehicle, vessel or machine.

**gas container** includes a gas cylinder, a gas cartridge, a pressure vessel and a gas tank.

**gas installation** means:

- (a) any pipe or system of pipes used to convey or control gas, and any associated fittings and equipment, that are downstream of the gas supply point, but does not include anything beyond the gas installation end point, and
  - (b) any flue that is downstream of the gas supply point,
- but does not include an autogas installation.

**gas installation end point** means:

- (a) in the case of a gas installation to which gas is supplied from a gas network—the gas outlet socket, or
- (b) in any other case—the control valve or other connection point of a gas appliance or of another gas container.

**gas network** means a distribution pipeline or a distribution system.

**gas supply point** means:

- (a) in the case of a gas installation to which gas is supplied from a gas network—the outlet of the gas meter at which the gas is supplied, or
- (b) in any other case—the control valve or other connection point of a gas container.

**gasfitting work** means any work involved in:

- (a) the installation, alteration, extension or repair of a gas installation, or
- (b) the installation, alteration, extension, removal or repair of a flue, or
- (c) the connection of a gas installation to, or the disconnection of a gas installation from, a gas supply point, or
- (d) the connection of a gas appliance to, or the disconnection of a gas appliance from, a gas installation (otherwise than where the point of connection is a gas outlet socket), or
- (e) the connection of a gas container, gas regulator or gas appliance to, or the disconnection of a gas container, gas regulator or gas appliance from, a gas

installation (otherwise than where it is designed to be readily detachable from the installation whether by the use of a tool, mechanical force or otherwise).
