Part 1 Preliminary

1.1 Name of Plan

This Plan is *Camden Local Environmental Plan 2010*.

1.1AA Commencement

This Plan commences on the day on which it is published on the NSW legislation website.

1.2 Aims of Plan

(1) This Plan aims to make local environmental planning provisions for land in Camden in accordance with the relevant standard environmental planning instrument under section 33A of the Act.

(2) The particular aims of this Plan are as follows:

(a) to ensure Camden retains its valued traditional qualities, character and scenic landscapes while providing for sustainable urban growth,

(b) to ensure that new communities are planned and developed in an orderly, integrated and sustainable manner and contribute to the social, environmental and economic sustainability of Camden,

(c) to ensure natural assets within Camden are protected and enhanced,

(d) to minimise the impact on existing and future communities of natural hazards such as bush fires and flooding,

(e) to ensure that appropriate housing opportunities are provided for all existing and future residents of Camden at all stages of their lives,

(f) to ensure that the economic, employment and educational needs of all existing and future residents of Camden are appropriately planned for,

(g) to ensure the agricultural production potential of rural land, and prevent the fragmentation of agricultural holdings,

(h) to ensure that the recreation, cultural and social needs of all existing and future residents of Camden are appropriately planned for,

(i) to protect and restore the environmental values of land, including waterways and riparian
land, as part of the natural systems,

(j) to conserve and enhance the built and landscape heritage of Camden.

1.3 Land to which Plan applies

This Plan applies to the land identified on the Land Application Map.

1.4 Definitions

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

1.5 Notes

Notes in this Plan are provided for guidance and do not form part of this Plan.

1.6 Consent authority

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

1.7 Maps

(1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name:

(a) approved by the Minister when the map is adopted, and

(b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the Minister when the instruments are made.

(2) Any 2 or more named maps may be combined into a single map. In that case, a reference in this Plan to any such named map is a reference to the relevant part or aspect of the single map.

(3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.

(4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

Note. The maps adopted by this Plan are to be made available on the official NSW legislation website in connection with this Plan. Requirements relating to the maps are set out in the documents entitled Standard technical requirements for LEP maps and Standard requirements for LEP GIS data which are available on the website of the Department of Planning and Infrastructure.

1.8 Repeal of planning instruments applying to land

(1) All local environmental plans and deemed environmental planning instruments applying only to the land to which this Plan applies are repealed.

Note. The following local environmental plans are repealed under this provision:
All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

1.8A Savings provision relating to development applications

If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this Plan had not commenced.

Note. However, under Division 4B of Part 3 of the Act, a development application may be made for consent to carry out development that may only be carried out if the environmental planning instrument applying to the relevant development is appropriately amended or if a new instrument, including an appropriate principal environmental planning instrument, is made, and the consent authority may consider the application. The Division requires public notice of the development application and the draft environmental planning instrument allowing the development at the same time, or as closely together as is practicable.

1.9 Application of SEPPs

(1) This Plan is subject to the provisions of any State environmental planning policy that prevails over this Plan as provided by section 36 of the Act.

(2) The following State environmental planning policies (or provisions) do not apply to the land to which this Plan applies:

State Environmental Planning Policy No 1—Development Standards

State Environmental Planning Policy No 4—Development Without Consent and Miscellaneous Exempt and Complying Development (clause 6 and Parts 3 and 4)

State Environmental Planning Policy No 60—Exempt and Complying Development

1.9A Suspension of covenants, agreements and instruments

(1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.

(2) This clause does not apply:
(a) to a covenant imposed by the Council or that the Council requires to be imposed, or

(b) to any prescribed instrument within the meaning of section 183A of the Crown Lands Act 1989, or

(c) to any conservation agreement within the meaning of the National Parks and Wildlife Act 1974, or

(d) to any Trust agreement within the meaning of the Nature Conservation Trust Act 2001, or

(e) to any property vegetation plan within the meaning of the Native Vegetation Act 2003, or

(f) to any biobanking agreement within the meaning of Part 7A of the Threatened Species Conservation Act 1995, or

(g) to any planning agreement within the meaning of Division 6 of Part 4 of the Act.

(3) This clause does not affect the rights or interests of any public authority under any registered instrument.

(4) Under section 28 of the Act, the Governor, before the making of this clause, approved of subclauses (1)–(3).

**Part 2 Permitted or prohibited development**

2.1 Land use zones

The land use zones under this Plan are as follows:

**Rural Zones**

RU1 Primary Production

RU2 Rural Landscape

RU4 Primary Production Small Lots

**Residential Zones**

R1 General Residential

R2 Low Density Residential

R3 Medium Density Residential

R5 Large Lot Residential

**Business Zones**

B1 Neighbourhood Centre

B2 Local Centre

B4 Mixed Use

B5 Business Development
Industrial Zones
IN1 General Industrial
IN2 Light Industrial

Special Purpose Zones
SP1 Special Activities
SP2 Infrastructure

Recreation Zones
RE1 Public Recreation
RE2 Private Recreation

Environment Protection Zones
E1 National Parks and Nature Reserves
E2 Environmental Conservation
E4 Environmental Living

2.2 Zoning of land to which Plan applies

For the purposes of this Plan, land is within the zones shown on the Land Zoning Map.

2.3 Zone objectives and Land Use Table

(1) The Land Use Table at the end of this Part specifies for each zone:
   (a) the objectives for development, and
   (b) development that may be carried out without development consent, and
   (c) development that may be carried out only with development consent, and
   (d) development that is prohibited.

(2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.

(3) In the Land Use Table at the end of this Part:
   (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and
   (b) a reference to a type of building or other thing does not include (despite any definition in this Plan) a reference to a type of building or other thing referred to separately in the Land Use Table in relation to the same zone.

(4) This clause is subject to the other provisions of this Plan.

Notes.
1 Schedule 1 sets out additional permitted uses for particular land.
2 Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act or, if applicable, Part 3A of the Act.

3 Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).

4 Clause 2.6 requires consent for subdivision of land.

5 Part 5 contains other provisions which require consent for particular development.

2.4 Unzoned land

(1) Development may be carried out on unzoned land only with development consent.

(2) Before granting development consent, the consent authority:

(a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and

(b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

2.5 Additional permitted uses for particular land

(1) Development on particular land that is described or referred to in Schedule 1 may be carried out:

(a) with development consent, or

(b) if the Schedule so provides—without development consent,

in accordance with the conditions (if any) specified in that Schedule in relation to that development.

(2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

2.6 Subdivision—consent requirements

(1) Land to which this Plan applies may be subdivided, but only with development consent.

Notes.

1 If a subdivision is specified as exempt development in an applicable environmental planning instrument, such as this Plan or State Environmental Planning Policy (Exempt and Complying Development Codes) 2008, the Act enables it to be carried out without development consent.

2 Part 6 of State Environmental Planning Policy (Exempt and Complying Development Codes) 2008 provides that the strata subdivision of a building in certain circumstances is complying development.

(2) Development consent must not be granted for the subdivision of land on which a secondary dwelling is situated if the subdivision would result in the principal dwelling and the secondary dwelling being situated on separate lots, unless the resulting lots are not less than the minimum size shown on the Lot Size Map in relation to that land.

Note. The definition of secondary dwelling in the Dictionary requires the dwelling to be on the same lot of land as the principal dwelling.

2.7 Demolition requires development consent

The demolition of a building or work may be carried out only with development consent.

Note. If the demolition of a building or work is identified in an applicable environmental planning instrument, such
as this Plan or State Environmental Planning Policy (Exempt and Complying Development Codes) 2008, as exempt development, the Act enables it to be carried out without development consent.

2.8 Temporary use of land

(1) The objective of this clause is to provide for the temporary use of land if the use does not compromise future development of the land, or have detrimental economic, social, amenity or environmental effects on the land.

(2) Despite any other provision of this Plan, development consent may be granted for development on land in any zone for a temporary use for a maximum period of 52 days (whether or not consecutive days) in any period of 12 months.

(3) Development consent must not be granted unless the consent authority is satisfied that:

(a) the temporary use will not prejudice the subsequent carrying out of development on the land in accordance with this Plan and any other applicable environmental planning instrument, and

(b) the temporary use will not adversely impact on any adjoining land or the amenity of the neighbourhood, and

(c) the temporary use and location of any structures related to the use will not adversely impact on environmental attributes or features of the land, or increase the risk of natural hazards that may affect the land, and

(d) at the end of the temporary use period the land will, as far as is practicable, be restored to the condition in which it was before the commencement of the use.

(4) Despite subclause (2), the temporary use of a dwelling as a sales office for a new release area or a new housing estate may exceed the maximum number of days specified in that subclause.

(5) Subclause (3) (d) does not apply to the temporary use of a dwelling as a sales office mentioned in subclause (4).

Land Use Table

Note. A type of development referred to in the Land Use Table is a reference to that type of development only to the extent it is not regulated by an applicable State environmental planning policy. The following State environmental planning policies in particular may be relevant to development on land to which this Plan applies:
State Environmental Planning Policy (Affordable Rental Housing) 2009 (including provision for secondary dwellings)

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

State Environmental Planning Policy (Infrastructure) 2007—relating to infrastructure facilities such as those that comprise, or are for, air transport, correction, education, electricity generating works and solar energy systems, health services, ports, railways, roads, waste management and water supply systems

State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007

State Environmental Planning Policy (Rural Lands) 2008

State Environmental Planning Policy No 33—Hazardous and Offensive Development

State Environmental Planning Policy No 50—Canal Estate Development

State Environmental Planning Policy No 62—Sustainable Aquaculture

State Environmental Planning Policy No 64—Advertising and Signage

Zone RU1  Primary Production

1 Objectives of zone

• To encourage sustainable primary industry production by maintaining and enhancing the natural resource base.

• To encourage diversity in primary industry enterprises and systems appropriate for the area.

• To minimise the fragmentation and alienation of resource lands.

• To minimise conflict between land uses within this zone and land uses within adjoining zones.

• To permit non-agricultural uses which support the primary production purposes of the zone.

• To maintain the rural landscape character of the land.

2 Permitted without consent

Extensive agriculture; Forestry; Home occupations

3 Permitted with consent

Bed and breakfast accommodation; Cellar door premises; Dual occupancies (attached); Dwelling houses; Environmental protection works; Extractive industries; Farm buildings; Farm stay accommodation; Garden centres; Home industries; Intensive livestock agriculture; Intensive plant agriculture; Open cut mining; Roads; Roadside stalls; Rural industries; Rural supplies; Rural workers’ dwellings; Secondary dwellings; Any other development not specified in item 2 or 4

4 Prohibited

Amusement centres; Car parks; Commercial premises; Correctional centres; Eco-tourist facilities; Entertainment facilities; Exhibition homes; Freight transport facilities; Function centres; Health services facilities; Heavy industrial storage establishments; Heliports; Home occupations (sex services); Industrial retail outlets; Industries; Information and education facilities; Port facilities; Recreation facilities (indoor); Recreation facilities (major); Residential accommodation; Restricted premises; Service stations; Sex services premises; Storage premises; Tourist and visitor accommodation; Transport depots; Vehicle body repair workshops; Vehicle repair stations; Wharf or...
boating facilities; Wholesale supplies

**Zone RU2  Rural Landscape**

1 **Objectives of zone**

- To encourage sustainable primary industry production by maintaining and enhancing the natural resource base.
- To maintain the rural landscape character of the land.
- To provide for a range of compatible land uses, including extensive agriculture.
- To protect and enhance areas of scenic value by minimising development and providing visual contrast to nearby urban development.
- To maintain the visual amenity of prominent ridgelines.
- To permit non-agricultural uses which support the primary production purposes of the zone.

2 **Permitted without consent**

   Extensive agriculture; Home occupations

3 **Permitted with consent**

   Agricultural produce industries; Aquaculture; Bed and breakfast accommodation; Cellar door premises; Dual occupancies (attached); Dwelling houses; Environmental protection works; Farm buildings; Farm stay accommodation; Home industries; Intensive plant agriculture; Roads; Rural workers’ dwellings; Secondary dwellings; Any other development not specified in item 2 or 4

4 **Prohibited**

   Agriculture; Air transport facilities; Amusement centres; Camping grounds; Car parks; Caravan parks; Commercial premises; Correctional centres; Crematoria; Eco-tourist facilities; Entertainment facilities; Exhibition homes; Extractive industries; Freight transport facilities; Function centres; Health services facilities; Heavy industrial storage establishments; Home occupations (sex services); Industrial retail outlets; Industries; Information and education facilities; Mortuaries; Port facilities; Recreation facilities (indoor); Recreation facilities (major); Residential accommodation; Restricted premises; Rural industries; Service stations; Sex services premises; Signage; Storage premises; Tourist and visitor accommodation; Transport depots; Vehicle body repair workshops; Vehicle repair stations; Wharf or boating facilities; Wholesale supplies

**Zone RU4  Primary Production Small Lots**

1 **Objectives of zone**

- To enable sustainable primary industry and other compatible land uses.
- To encourage and promote diversity and employment opportunities in relation to primary industry enterprises, particularly those that require smaller lots or that are more intensive in nature.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.
2 Permitted without consent

Home occupations

3 Permitted with consent

Aquaculture; Bed and breakfast accommodation; Cellar door premises; Dual occupancies (attached); Dwelling houses; Extensive agriculture; Farm buildings; Farm stay accommodation; Garden centres; Home industries; Intensive plant agriculture; Landscaping material supplies; Plant nurseries; Roads; Roadside stalls; Rural workers’ dwellings; Secondary dwellings; Stock and sale yards

4 Prohibited

Agriculture; Air transport facilities; Amusement centres; Animal boarding or training establishments; Camping grounds; Car parks; Caravan parks; Commercial premises; Correctional centres; Crematoria; Eco-tourist facilities; Entertainment facilities; Exhibition homes; Extractive industries; Freight transport facilities; Function centres; Heavy industrial storage establishments; Highway service centres; Home occupations (sex services); Industrial retail outlets; Industries; Information and education facilities; Mortuaries; Port facilities; Recreation facilities (indoor); Recreation facilities (major); Residential accommodation; Restricted premises; Rural industries; Service stations; Sex services premises; Storage premises; Tourist and visitor accommodation; Transport depots; Vehicle body repair workshops; Vehicle repair stations; Waste or resource management facilities; Wharf or boating facilities; Wholesale supplies

Zone R1 General Residential

1 Objectives of zone

• To provide for the housing needs of the community.

• To provide for a variety of housing types and densities.

• To enable other land uses that provide facilities or services to meet the day to day needs of residents.

• To allow for educational, recreational, community and religious activities that support the wellbeing of the community.

• To minimise conflict between land uses within the zone and land uses within adjoining zones.

2 Permitted without consent

Home occupations

3 Permitted with consent

Attached dwellings; Bed and breakfast accommodation; Boarding houses; Child care centres; Community facilities; Dwelling houses; Exhibition homes; Group homes; Home industries; Hostels; Kiosks; Multi dwelling housing; Neighbourhood shops; Places of public worship; Residential flat buildings; Respite day care centres; Roads; Semi-detached dwellings; Seniors housing; Shop top housing; Any other development not specified in item 2 or 4
4 Prohibited

Agriculture; Air transport facilities; Amusement centres; Animal boarding or training establishments; Boat building and repair facilities; Boat sheds; Camping grounds; Car parks; Caravan parks; Charter and tourism boating facilities; Commercial premises; Correctional centres; Crematoria; Depots; Eco-tourist facilities; Electricity generating works; Entertainment facilities; Extractive industries; Forestry; Freight transport facilities; Function centres; Heavy industrial storage establishments; Home occupations (sex services); Industries; Mortuaries; Public administration buildings; Recreation facilities (major); Research stations; Restricted premises; Rural industries; Rural workers’ dwellings; Service stations; Sewerage systems; Sex services premises; Storage premises; Tourist and visitor accommodation; Transport depots; Truck depots; Vehicle body repair workshops; Vehicle repair stations; Waste or resource management facilities; Wharf or boating facilities; Wholesale supplies

Zone R2 Low Density Residential

1 Objectives of zone

• To provide for the housing needs of the community within a low density residential environment.

• To enable other land uses that provide facilities or services to meet the day to day needs of residents.

• To allow for educational, recreational, community and religious activities that support the wellbeing of the community.

• To minimise conflict between land uses within the zone and land uses within adjoining zones.

2 Permitted without consent

Home occupations

3 Permitted with consent

Bed and breakfast accommodation; Boarding houses; Dual occupancies; Dwelling houses; Group homes; Home industries; Medical centres; Places of public worship; Roads; Seniors housing; Any other development not specified in item 2 or 4

4 Prohibited

Advertising structures; Agriculture; Air transport facilities; Amusement centres; Animal boarding or training establishments; Boat building and repair facilities; Boat sheds; Camping grounds; Car parks; Caravan parks; Charter and tourism boating facilities; Commercial premises; Correctional centres; Crematoria; Depots; Eco-tourist facilities; Electricity generating works; Entertainment facilities; Exhibition homes; Extractive industries; Forestry; Freight transport facilities; Function centres; Health services facilities; Heavy industrial storage establishments; Home occupations (sex services); Industries; Information and education facilities; Mortuaries; Public administration buildings; Recreation facilities (indoor); Recreation facilities (major); Registered clubs; Research stations; Residential accommodation; Restricted premises; Rural industries; Service stations; Sewerage systems; Sex services premises; Storage premises; Tourist and visitor accommodation; Transport depots; Truck depots; Vehicle body repair workshops; Vehicle repair stations; Veterinary hospitals; Waste or resource management facilities; Wharf or boating facilities; Wholesale supplies
Zone R3  Medium Density Residential

1 Objectives of zone

- To provide for the housing needs of the community within a medium density residential environment.
- To provide a variety of housing types within a medium density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To encourage redevelopment of land for medium density housing in locations close to main activity centres within the Camden local government area.
- To minimise conflict between land uses within the zone and land uses within adjoining zones.

2 Permitted without consent

Home occupations

3 Permitted with consent

Attached dwellings; Backpackers’ accommodation; Bed and breakfast accommodation; Boarding houses; Child care centres; Community facilities; Group homes; Home industries; Multi dwelling housing; Neighbourhood shops; Places of public worship; Respite day care centres; Roads; Seniors housing; Any other development not specified in item 2 or 4

4 Prohibited

Advertising structures; Agriculture; Air transport facilities; Amusement centres; Animal boarding or training establishments; Boat building and repair facilities; Boat sheds; Camping grounds; Car parks; Caravan parks; Charter and tourism boating facilities; Commercial premises; Correctional centres; Crematoria; Depots; Eco-tourist facilities; Electricity generating works; Entertainment facilities; Exhibition homes; Extractive industries; Forestry; Freight transport facilities; Function centres; Heavy industrial storage establishments; Home occupations (sex services); Industries; Information and education facilities; Mortuaries; Public administration buildings; Recreation facilities (indoor); Recreation facilities (major); Registered clubs; Research stations; Restricted premises; Rural industries; Rural workers’ dwellings; Service stations; Sewerage systems; Sex services premises; Storage premises; Tourist and visitor accommodation; Transport depots; Truck depots; Vehicle body repair workshops; Vehicle repair stations; Veterinary hospitals; Waste or resource management facilities; Wharf or boating facilities; Wholesale supplies

Zone R5  Large Lot Residential

1 Objectives of zone

- To provide residential housing in a rural setting while preserving, and minimising impacts on, environmentally sensitive locations and scenic quality.
- To ensure that large residential lots do not hinder the proper and orderly development of urban areas in the future.
- To ensure that development in the area does not unreasonably increase the demand for public
services or public facilities.

• To minimise conflict between land uses within this zone and land uses within adjoining zones.

2 Permitted without consent

Extensive agriculture; Home occupations

3 Permitted with consent

Bed and breakfast accommodation; Boarding houses; Dual occupancies (attached); Dwelling houses; Home industries; Roads; Any other development not specified in item 2 or 4

4 Prohibited

Advertising structures; Agriculture; Air transport facilities; Amusement centres; Animal boarding or training establishments; Boat building and repair facilities; Boat sheds; Camping grounds; Car parks; Caravan parks; Charter and tourism boating facilities; Commercial premises; Correctional centres; Crematoria; Depots; Eco-tourist facilities; Electricity generating works; Entertainment facilities; Exhibition homes; Extractive industries; Freight transport facilities; Function centres; Heavy industrial storage establishments; Home occupations (sex services); Industries; Information and education facilities; Mortuaries; Public administration buildings; Recreation facilities (indoor); Recreation facilities (major); Registered clubs; Residential accommodation; Restricted premises; Rural industries; Service stations; Sewerage systems; Sex services premises; Storage premises; Tourist and visitor accommodation; Transport depots; Truck depots; Vehicle body repair workshops; Vehicle repair stations; Veterinary hospitals; Waste or resource management facilities; Wharf or boating facilities; Wholesale supplies

Zone B1 Neighbourhood Centre

1 Objectives of zone

• To provide a range of small-scale retail, business and community uses that serve the needs of people who live or work in the surrounding neighbourhood.

• To encourage mixed use developments to present an active frontage to the street by locating business, retail and community uses at ground level.

• To minimise conflict between land uses within the zone and land uses within adjoining zones.

• To enable other land uses that are complementary to and do not detract from the viability of retail, business and community uses within the zone.

2 Permitted without consent

Nil

3 Permitted with consent

Boarding houses; Business premises; Child care centres; Community facilities; Garden centres; Medical centres; Neighbourhood shops; Respite day care centres; Restaurants or cafes; Roads; Shop top housing; Shops; Take away food and drink premises; Any other development not specified in item 2 or 4
4 Prohibited

Agriculture; Air transport facilities; Animal boarding or training establishments; Boat building and repair facilities; Boat sheds; Camping grounds; Caravan parks; Cemeteries; Charter and tourism boating facilities; Correctional centres; Crematoria; Depots; Eco-tourist facilities; Electricity generating works; Entertainment facilities; Exhibition homes; Extractive industries; Farm buildings; Forestry; Freight transport facilities; Function centres; Health services facilities; Heavy industrial storage establishments; Home occupations (sex services); Industries; Mortuaries; Places of public worship; Recreation areas; Recreation facilities (indoor); Recreation facilities (major); Recreation facilities (outdoor); Registered clubs; Research stations; Residential accommodation; Retail premises; Rural industries; Sewerage systems; Sex services premises; Storage premises; Tourist and visitor accommodation; Transport depots; Vehicle body repair workshops; Vehicle repair stations; Veterinary hospitals; Waste or resource management facilities; Water recreation structures; Wharf or boating facilities; Wholesale supplies

Zone B2 Local Centre

1 Objectives of zone

- To provide a range of retail, business, entertainment and community uses that serve the needs of people who live in, work in and visit the local area.

- To encourage employment opportunities in accessible locations.

- To maximise public transport patronage and encourage walking and cycling.

- To ensure that mixed use developments present an active frontage to the street by locating business, retail and community uses at ground level.

- To minimise conflict between land uses within the zone and land uses within adjoining zones.

- To enable other land uses that are complementary to and do not detract from the viability of retail, business, entertainment and community uses within the zone.

2 Permitted without consent

3 Permitted with consent

Boarding houses; Child care centres; Commercial premises; Community facilities; Educational establishments; Entertainment facilities; Function centres; Information and education facilities; Medical centres; Passenger transport facilities; Recreation facilities (indoor); Registered clubs; Respite day care centres; Restricted premises; Roads; Service stations; Shop top housing; Tourist and visitor accommodation; Any other development not specified in item 2 or 4

4 Prohibited

Agriculture; Air transport facilities; Animal boarding or training establishments; Boat building and repair facilities; Boat sheds; Camping grounds; Caravan parks; Cemeteries; Charter and tourism boating facilities; Correctional centres; Crematoria; Depots; Eco-tourist facilities; Electricity generating works; Exhibition homes; Extractive industries; Forestry; Freight transport facilities; Heavy industrial storage establishments; Home occupations (sex services); Industries; Mortuaries;
Recreation areas; Recreation facilities (major); Recreation facilities (outdoor); Research stations; Residential accommodation; Rural industries; Sewerage systems; Sex services premises; Storage premises; Transport depots; Vehicle body repair workshops; Vehicle repair stations; Waste or resource management facilities; Water recreation structures; Wharf or boating facilities; Wholesale supplies

Zone B4  Mixed Use

1 Objectives of zone

• To provide a mixture of compatible land uses.

• To integrate suitable business, office, residential, retail and other development in accessible locations so as to maximise public transport patronage and encourage walking and cycling.

• To minimise conflict between land uses within the zone and land uses within adjoining zones.

• To encourage development that supports or complements the primary office and retail functions of the local centre zone.

2 Permitted without consent

Zone B5  Business Development

1 Objectives of zone

• To enable a mix of business and warehouse uses, and bulky goods premises that require a large floor area, in locations that are close to, and that support the viability of, centres.

• To encourage development that supports or complements the primary office and retail functions of
the local centre zone.

- To enable other land uses that are complementary to and do not detract from the viability of retail, business and warehouse uses within the zone.

2 Permitted without consent

Zone IN1 General Industrial

1 Objectives of zone

- To provide a wide range of industrial and warehouse land uses.

- To encourage employment opportunities.

- To minimise any adverse effect of industry on other land uses.

- To support and protect industrial land for industrial uses.

- To enable other land uses that provide facilities or services to meet the day to day needs of workers in the area.

- To enable non-industrial land uses that are compatible with and do not detract from the surrounding industrial and warehouse land uses.

2 Permitted without consent

Nil

3 Permitted with consent

Depots; Freight transport facilities; General industries; Helipads; Heliports; Industrial training
facilities; Light industries; Neighbourhood shops; Roads; Sawmill or log processing works; Take away food and drink premises; Warehouse or distribution centres; Any other development not specified in item 2 or 4

4 Prohibited

Agriculture; Air transport facilities; Amusement centres; Animal boarding or training establishments; Boat sheds; Camping grounds; Caravan parks; Cemeteries; Charter and tourism boating facilities; Commercial premises; Correctional centres; Eco-tourist facilities; Educational establishments; Entertainment facilities; Extractive industries; Forestry; Function centres; Hazardous storage establishments; Health services facilities; Industries; Information and education facilities; Mortuaries; Offensive storage establishments; Public administration buildings; Recreation facilities (major); Recreation facilities (outdoor); Registered clubs; Research stations; Residential accommodation; Restricted premises; Rural industries; Tourist and visitor accommodation; Veterinary hospitals; Water recreation structures; Wharf or boating facilities; Wholesale supplies

Zone IN2  Light Industrial

1 Objectives of zone

• To provide a wide range of light industrial, warehouse and related land uses.

• To encourage employment opportunities and to support the viability of centres.

• To minimise any adverse effect of industry on other land uses.

• To enable other land uses that provide facilities or services to meet the day to day needs of workers in the area.

• To support and protect industrial land for industrial uses.

• To enable non-industrial land uses that are compatible with and do not detract from the surrounding industrial and warehouse land uses.

2 Permitted without consent

Residential accommodation; Restricted premises; Rural industries; Sewerage systems; Sex services premises; Tourist and visitor accommodation; Water recreation structures; Wharf or boating facilities

Zone SP1  Special Activities

1 Objectives of zone

• To provide for special land uses that are not provided for in other zones.

• To provide for sites with special natural characteristics that are not provided for in other zones.

• To facilitate development that is in keeping with the special characteristics of the site or its existing or intended special use, and that minimises any adverse impacts on surrounding land.

2 Permitted without consent

Extensive agriculture

3 Permitted with consent

The purpose shown on the Land Zoning Map, including any development that is ordinarily incidental or ancillary to development for that purpose; Community facilities; Recreation areas

4 Prohibited

Any development not specified in item 2 or 3

Zone SP2  Infrastructure

1 Objectives of zone

• To provide for infrastructure and related uses.

• To prevent development that is not compatible with or that may detract from the provision of infrastructure.

2 Permitted without consent

Nil

3 Permitted with consent

The purpose shown on the Land Zoning Map, including any development that is ordinarily incidental or ancillary to development for that purpose; Community facilities; Environmental protection works; Flood mitigation works; Recreation areas; Roads

4 Prohibited

Any development not specified in item 2 or 3

Zone RE1  Public Recreation

1 Objectives of zone

• To enable land to be used for public open space or recreational purposes.
To provide a range of recreational settings and activities and compatible land uses.

To protect and enhance the natural environment for recreational purposes.

2 Permitted without consent

Nil

3 Permitted with consent

Boat launching ramps; Camping grounds; Caravan parks; Community facilities; Environmental facilities; Environmental protection works; Flood mitigation works; Forestry; Jetties; Kiosks; Recreation areas; Recreation facilities (indoor); Recreation facilities (major); Recreation facilities (outdoor); Roads; Signage; Water recycling facilities; Water supply systems

4 Prohibited

Any development not specified in item 2 or 3

Zone RE2 Private Recreation

1 Objectives of zone

• To enable land to be used for private open space or recreational purposes.

• To provide a range of recreational settings and activities and compatible land uses.

• To protect and enhance the natural environment for recreational purposes.

2 Permitted without consent

Nil

3 Permitted with consent

Camping grounds; Caravan parks; Community facilities; Environmental facilities; Environmental protection works; Flood mitigation works; Function centres; Kiosks; Recreation areas; Recreation facilities (indoor); Recreation facilities (major); Recreation facilities (outdoor); Registered clubs; Roads; Signage; Water recycling facilities; Water supply systems

4 Prohibited

Any development not specified in item 2 or 3

Zone E1 National Parks and Nature Reserves

1 Objectives of zone

• To enable the management and appropriate use of land that is reserved under the National Parks and Wildlife Act 1974 or that is acquired under Part 11 of that Act.

• To enable uses authorised under the National Parks and Wildlife Act 1974.

• To identify land that is to be reserved under the National Parks and Wildlife Act 1974 and to protect the environmental significance of that land.

2 Permitted without consent

Uses authorised under the National Parks and Wildlife Act 1974

3 Permitted with consent

Nil

4 Prohibited

Any development not specified in item 2 or 3

Zone E2 Environmental Conservation

1 Objectives of zone

• To protect, manage and restore areas of high ecological, scientific, cultural or aesthetic values.

• To prevent development that could destroy, damage or otherwise have an adverse effect on those values.

• To protect and enhance the ecology, hydrology and scenic views of waterways, riparian land, groundwater resources and dependent ecosystems.

2 Permitted without consent

Nil

3 Permitted with consent

Environmental protection works; Flood mitigation works; Recreation areas; Roads; Water reticulation systems

4 Prohibited

Business premises; Hotel or motel accommodation; Industries; Multi dwelling housing; Recreation facilities (major); Residential flat buildings; Restricted premises; Retail premises; Seniors housing; Service stations; Warehouse or distribution centres; Any other development not specified in item 2 or 3

Zone E4 Environmental Living

1 Objectives of zone

• To provide for low-impact residential development in areas with special ecological, scientific or aesthetic values.

• To ensure that residential development does not have an adverse effect on those values.

2 Permitted without consent

Home occupations

3 Permitted with consent

Dwelling houses; Environmental facilities; Environmental protection works; Flood mitigation works;
Home industries; Recreation areas; Roads; Sewerage systems; Water recycling facilities; Water supply systems

4 Prohibited

Industries; Service stations; Warehouse or distribution centres; Any other development not specified in item 2 or 3

Part 3 Exempt and complying development

3.1 Exempt development

Note. Under section 76 of the Act, exempt development may be carried out without the need for development consent under Part 4 of the Act or for assessment under Part 5 of the Act.

The section states that exempt development:

(a) must be of minimal environmental impact, and

(b) cannot be carried out in critical habitat of an endangered species, population or ecological community (identified under the Threatened Species Conservation Act 1995 or the Fisheries Management Act 1994), and

(c) cannot be carried out in a wilderness area (identified under the Wilderness Act 1987).

(1) The objective of this clause is to identify development of minimal environmental impact as exempt development.

(2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is exempt development.

(3) To be exempt development, the development:

(a) must meet the relevant deemed-to-satisfy provisions of the Building Code of Australia or, if there are no such relevant provisions, must be structurally adequate, and

(b) must not, if it relates to an existing building, cause the building to contravene the Building Code of Australia, and

(c) must not be designated development, and

(d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the Heritage Act 1977 or that is subject to an interim heritage order under the Heritage Act 1977.

(4) Development that relates to an existing building that is classified under the Building Code of Australia as class 1b or class 2–9 is exempt development only if:

(a) the building has a current fire safety certificate or fire safety statement, or

(b) no fire safety measures are currently implemented, required or proposed for the building.

(5) To be exempt development, the development must:

(a) be installed in accordance with the manufacturer’s specifications, if applicable, and

(b) not involve the removal or pruning of a tree or other vegetation that requires a permit or
development consent for removal or pruning, unless that removal or pruning is undertaken in accordance with a permit or development consent.

**Note.** A permit for the removal or pruning of a tree or other vegetation may be granted under this Plan. A development consent for the removal of native vegetation may be granted where relevant under the *Native Vegetation Act 2003.*

(6) A heading to an item in Schedule 2 is part of that Schedule.

### 3.2 Complying development

**Note.** Under section 76A of the Act, development consent for the carrying out of complying development may be obtained by the issue of a complying development certificate.

The section states that development cannot be complying development if:

(a) it is on land that is critical habitat of an endangered species, population or ecological community (identified under the *Threatened Species Conservation Act 1995* or the *Fisheries Management Act 1994*), or

(b) it is on land within a wilderness area (identified under the *Wilderness Act 1987*), or

(c) the development is designated development, or

(d) the development is on land that comprises, or on which there is, an item of environmental heritage (that is listed on the State Heritage Register or in Schedule 5 to this Plan or that is subject to an interim heritage order under the *Heritage Act 1977*), or

(e) the development requires concurrence (except a concurrence of the Director-General of the Department of Environment, Climate Change and Water in respect of development that is likely to significantly affect a threatened species, population, or ecological community, or its habitat (identified under the *Threatened Species Conservation Act 1995*)), or

(f) the development is on land identified as an environmentally sensitive area.

(1) The objective of this clause is to identify development as complying development.

(2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with:

(a) the development standards specified in relation to that development, and

(b) the requirements of this Part,

is complying development.

**Note.** See also clause 5.8 (3) which provides that the conversion of fire alarms is complying development in certain circumstances.

(3) To be complying development, the development must:

(a) be permissible, with development consent, in the zone in which it is carried out, and

(b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia,* and

(c) have an approval, if required by the *Local Government Act 1993,* from the Council for an on-site effluent disposal system if the development is undertaken on unsewered land.

(4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out or referred to in Part 2 of that Schedule.
(5) A heading to an item in Schedule 3 is part of that Schedule.

3.3 Environmentally sensitive areas excluded

(1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.

(2) For the purposes of this clause:

*environmentally sensitive area for exempt or complying development* means any of the following:

(a) the coastal waters of the State,

(b) a coastal lake,

(c) land to which *State Environmental Planning Policy No 14—Coastal Wetlands* or *State Environmental Planning Policy No 26—Littoral Rainforests* applies,

(d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,

(e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,

(f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,

(g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,

(h) land reserved under the *National Parks and Wildlife Act 1974* or land acquired under Part 11 of that Act,

(i) land reserved or dedicated under the *Crown Lands Act 1989* for the preservation of flora, fauna, geological formations or for other environmental protection purposes,

(j) land identified as being critical habitat under the *Threatened Species Conservation Act 1995* or Part 7A of the *Fisheries Management Act 1994*.

Part 4 Principal development standards

4.1 Minimum subdivision lot size

(1) The objectives of this clause are as follows:

(a) to ensure that subdivision reflects and reinforces the predominant subdivision pattern of the area,

(b) to ensure that lot sizes and dimensions are able to accommodate development consistent with relevant development controls,

(c) to ensure that lot sizes and dimensions allow dwellings to be sited to protect natural or cultural features, including heritage items, and retain special features such as trees and views,
(d) to provide for a range of residential lot sizes and types,

(e) to ensure that the density of development is consistent with the existing and proposed future road and utility infrastructure in the locality.

(2) This clause applies to a subdivision of any land shown on the Lot Size Map that requires development consent and that is carried out after the commencement of this Plan.

(3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the Lot Size Map in relation to that land.

(4) This clause does not apply in relation to the subdivision of individual lots in a strata plan or community title scheme.

4.1AA Minimum subdivision lot size for community title schemes

[Not adopted]

4.1A Exceptions to minimum lot sizes for certain residential development use

(1) The objective of this clause is to encourage housing diversity without adversely impacting on residential amenity.

(2) This clause applies to land in Area 2 at Elderslie and Area 3 at Spring Farm, as shown edged heavy blue on the Lot Size Map.

(3) Despite clause 4.1, development consent may be granted to the subdivision of a lot on land to which this clause applies on which development for any of the following purposes is proposed to be carried out if the area of each resulting lot is equal to or greater than the area specified for that purpose:

(a) attached dwelling—180 square metres,

(b) (Repealed)

(c) semi-detached dwelling on land in Area 2 at Elderslie or Area 3 at Spring Farm—200 square metres.

4.1B Exception to minimum lot sizes for certain land at Lakeside Urban Release Area

(1) This clause applies to land in Zone E2 Environmental Conservation and Zone RE2 Private Recreation in the urban release area shown as “Lakeside” on the Urban Release Area Map.

(2) Clause 4.1 does not apply in relation to the subdivision of any land to which this clause applies.

(3) Development consent must not be granted for the subdivision of land to which this clause applies unless the Council is satisfied that the proposed subdivision facilitates the development of land in Zone R1 General Residential in the urban release area shown as “Lakeside” on the Urban Release Area Map.

4.2 Rural subdivision

(1) The objective of this clause is to provide flexibility in the application of standards for subdivision in rural zones to allow land owners a greater chance to achieve the objectives for
development in the relevant zone.

(2) This clause applies to the following rural zones:

(a) Zone RU1 Primary Production,
(b) Zone RU2 Rural Landscape,
(c) Zone RU4 Primary Production Small Lots,
(d) Zone RU6 Transition.

**Note.** When this Plan was made it did not include Zone RU6 Transition.

(3) Land in a zone to which this clause applies may, with development consent, be subdivided for the purpose of primary production to create a lot of a size that is less than the minimum size shown on the Lot Size Map in relation to that land.

(4) However, such a lot cannot be created if an existing dwelling would, as the result of the subdivision, be situated on the lot.

(5) A dwelling cannot be erected on such a lot.

**Note.** A dwelling includes a rural worker's dwelling (see definition of that term in the Dictionary).

### 4.2A Erection of dwelling houses on land in certain rural and environmental protection zones

(1) The objectives of this clause are as follows:

(a) to minimise unplanned rural residential development,
(b) to enable the replacement of lawfully erected dwelling houses in rural and environmental protection zones.

(2) This clause applies to land in the following zones:

(a) Zone RU1 Primary Production,
(b) Zone RU2 Rural Landscape,
(c) Zone RU4 Primary Production Small Lots,
(d) Zone E4 Environmental Living.

(3) Development consent must not be granted for the erection of a dwelling house on a lot in a zone to which this clause applies, and on which no dwelling house has been erected, unless the lot is:

(a) a lot that is at least the minimum lot size specified for that lot by the Lot Size Map, or
(b) a lot created before this Plan commenced and on which the erection of a dwelling house was permissible immediately before that commencement, or
(c) a lot resulting from a subdivision for which development consent (or equivalent) was granted before this Plan commenced and on which the erection of a dwelling house would have been permissible if the plan of subdivision had been registered before that
commencement.

**Note.** A dwelling cannot be erected on a lot created under clause 9 of *State Environmental Planning Policy (Rural Lands) 2008* or clause 4.2.

(4) Despite any other provision of this clause, development consent may be granted for the erection of a dwelling house on land in a zone to which this clause applies if:

(a) there is a lawfully erected dwelling house on the land and the dwelling house to be erected is intended only to replace the existing dwelling house, or

(b) the land would have been a lot referred to in subclause (2) had it not been affected by:
   (i) a minor realignment of its boundaries that did not create an additional lot, or
   (ii) a subdivision creating or widening a public road or public reserve or for another public purpose.

4.3 **Height of buildings**

(1) The objectives of this clause are as follows:

(a) to ensure that buildings are compatible with the height, bulk and scale of the existing and desired future character of the locality,

(b) to minimise the visual impact, disruption of views, loss of privacy and loss of solar access to existing development,

(c) to minimise the adverse impact of development on heritage conservation areas and heritage items.

(2) The height of a building on any land is not to exceed the maximum height shown for the land on the Height of Buildings Map.

4.3A **Height of residential flat buildings on certain land at Narellan**

(1) Despite clause 4.3, development consent may be granted to a building having a height of up to 15.5 metres on land marked “Area 1” on the Height of Buildings Map if:

(a) all the land in Area 1 has been amalgamated into a single lot, and

(b) the lot is proposed to be developed for the purposes of residential flat buildings.

(2) Despite clause 4.3, development consent may be granted to a building having a height of up to 12.5 metres on land shown edged heavy blue and marked “Area 2” on the Height of Buildings Map if:

(a) all the land in Area 2 has been amalgamated into a single lot, and

(b) the lot is proposed to be developed for the purposes of residential flat buildings.

4.3B **Height of buildings exhibiting design excellence at certain sites at Narellan and Spring Farm**

(1) Despite clause 4.3, development consent may be granted to a building having a height of up to
12.5 metres on land at Narellan that is shown edged heavy red on the Height of Buildings Map if the consent authority is satisfied that:

(a) the building exhibits design excellence, and

(b) the floor space ratio of all buildings on the site is not greater than 1.5:1.

2) Despite clause 4.3, development consent may be granted to a building having a height of up to 12.5 metres on land at Spring Farm that is shown edged heavy red on the Height of Buildings Map if the consent authority is satisfied that the building exhibits design excellence.

3) In considering whether a building exhibits design excellence, the consent authority must have regard to the following matters:

(a) whether a high standard of architectural design, materials and detailing appropriate to the building type and location will be achieved,

(b) whether the form and external appearance of the proposed development will improve the quality and amenity of the public domain,

(c) whether the proposed development detrimentally impacts on view corridors.

4.3C Height of buildings at former Anglican School site at Narellan

(1) This clause applies to the former Anglican school site at Narellan, as shown edged heavy green on the Height of Buildings Map, being Part Lot 2, DP 1121907, Richardson Road Narellan.

(2) Despite clause 4.3, development consent may be granted to a building having a height of up to 12.5 metres on the land to which this clause applies if the consent authority is satisfied that the building has regard for the slope of the site and is designed to minimise its bulk and scale.

4.4 Floor space ratio

(1) The objectives of this clause are as follows:

(a) to ensure that buildings are compatible with the bulk and scale of the existing and desired future character of the locality,

(b) to minimise the adverse impact of development on heritage conservation areas and heritage items.

(2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the Floor Space Ratio Map.

4.5 Calculation of floor space ratio and site area

(1) Objectives The objectives of this clause are as follows:

(a) to define floor space ratio,

(b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to:

(i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and
(ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and

(iii) require community land and public places to be dealt with separately.

(2) Definition of “floor space ratio” The floor space ratio of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.

(3) Site area In determining the site area of proposed development for the purpose of applying a floor space ratio, the site area is taken to be:

(a) if the proposed development is to be carried out on only one lot, the area of that lot, or

(b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)–(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

(4) Exclusions from site area The following land must be excluded from the site area:

(a) land on which the proposed development is prohibited, whether under this Plan or any other law,

(b) community land or a public place (except as provided by subclause (7)).

(5) Strata subdivisions The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.

(6) Only significant development to be included The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.

(7) Certain public land to be separately considered For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.

(8) Existing buildings The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.

(9) Covenants to prevent “double dipping” When development consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.

(10) Covenants affect consolidated sites
(a) a covenant of the kind referred to in subclause (9) applies to any land (affected land), and

(b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,

the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.

(11) Definition In this clause, public place has the same meaning as it has in the Local Government Act 1993.

4.6 Exceptions to development standards

(1) The objectives of this clause are as follows:

(a) to provide an appropriate degree of flexibility in applying certain development standards to particular development,

(b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.

(2) Development consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.

(3) Development consent must not be granted for development that contravenes a development standard unless the consent authority has considered a written request from the applicant that seeks to justify the contravention of the development standard by demonstrating:

(a) that compliance with the development standard is unreasonable or unnecessary in the circumstances of the case, and

(b) that there are sufficient environmental planning grounds to justify contravening the development standard.

(4) Development consent must not be granted for development that contravenes a development standard unless:

(a) the consent authority is satisfied that:

   (i) the applicant’s written request has adequately addressed the matters required to be demonstrated by subclause (3), and

   (ii) the proposed development will be in the public interest because it is consistent with the objectives of the particular standard and the objectives for development within the zone in which the development is proposed to be carried out, and

(b) the concurrence of the Director-General has been obtained.

(5) In deciding whether to grant concurrence, the Director-General must consider:

(a) whether contravention of the development standard raises any matter of significance for
State or regional environmental planning, and

(b) the public benefit of maintaining the development standard, and

(c) any other matters required to be taken into consideration by the Director-General before granting concurrence.

(6) Development consent must not be granted under this clause for a subdivision of land in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential, Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone E4 Environmental Living if:

(a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or

(b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.

Note. When this Plan was made it did not include Zone RU3 Forestry, Zone RU6 Transition or Zone E3 Environmental Management.

(7) After determining a development application made pursuant to this clause, the consent authority must keep a record of its assessment of the factors required to be addressed in the applicant’s written request referred to in subclause (3).

(8) This clause does not allow development consent to be granted for development that would contravene any of the following:

(a) a development standard for complying development,

(b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004 applies or for the land on which such a building is situated,

(c) clause 5.4,

(ca) clauses 6.1, 6.2 and 6.3.

Part 5 Miscellaneous provisions

5.1 Relevant acquisition authority

(1) The objective of this clause is to identify, for the purposes of section 27 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the Land Acquisition (Just Terms Compensation) Act 1991 (the owner-initiated acquisition provisions).

Note. If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the Land Acquisition (Just Terms Compensation) Act 1991 requires the authority to acquire the land.

(2) The authority of the State that will be the relevant authority to acquire land, if the land is
required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the Land Reservation Acquisition Map (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

**Note.** If land, other than land specified in the Table to subclause (2), is required to be acquired under the owner-initiated acquisition provisions, the Minister for Planning is required to take action to enable the designation of the acquiring authority under this clause. Pending the designation of the acquiring authority for that land, the acquiring authority is to be the authority determined by order of the Minister for Planning (see section 21 of the Land Acquisition (Just Terms Compensation) Act 1991).

(3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

### 5.2 Classification and reclassification of public land

(1) The objective of this clause is to enable the Council to classify or reclassify public land as “operational land” or “community land” in accordance with Part 2 of Chapter 6 of the Local Government Act 1993.

**Note.** Under the Local Government Act 1993, “public land” is generally land vested in or under the control of a council (other than roads, Crown reserves and commons). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the Local Government Act 1993. Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.

(2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the Local Government Act 1993.

(3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the Local Government Act 1993.

(4) The public land described in Part 1 of Schedule 4:
   (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
(b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.

(5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except:

(a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and

(b) any reservations that except land out of the Crown grant relating to the land, and

(c) reservations of minerals (within the meaning of the Crown Lands Act 1989).

Note. In accordance with section 30 (2) of the Local Government Act 1993, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

5.3 Development near zone boundaries

(1) The objective of this clause is to provide flexibility where the investigation of a site and its surroundings reveals that a use allowed on the other side of a zone boundary would enable a more logical and appropriate development of the site and be compatible with the planning objectives and land uses for the adjoining zone.

(2) This clause applies to so much of any land that is within the relevant distance of a boundary between any 2 zones. The relevant distance is 50 metres.

(3) This clause does not apply to:

(a) land in Zone RE1 Public Recreation, Zone E1 National Parks and Nature Reserves, Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone W1 Natural Waterways, or

(b) land within the coastal zone, or

(c) land proposed to be developed for the purpose of sex services or restricted premises.

Note. When this Plan was made it did not include Zone E3 Environmental Management or Zone W1 Natural Waterways.

(4) Despite the provisions of this Plan relating to the purposes for which development may be carried out, development consent may be granted to development of land to which this clause applies for any purpose that may be carried out in the adjoining zone, but only if the consent authority is satisfied that:

(a) the development is not inconsistent with the objectives for development in both zones, and

(b) the carrying out of the development is desirable due to compatible land use planning, infrastructure capacity and other planning principles relating to the efficient and timely development of land.

(5) This clause does not prescribe a development standard that may be varied under this Plan.
5.4 Controls relating to miscellaneous permissible uses

(1) **Bed and breakfast accommodation** If development for the purposes of bed and breakfast accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

*Note.* Any such development that provides for a certain number of guests or rooms may involve a change in the class of building under the Building Code of Australia.

(2) **Home businesses** If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 50 square metres of floor area.

(3) **Home industries** If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 50 square metres of floor area.

(4) **Industrial retail outlets** If development for the purposes of an industrial retail outlet is permitted under this Plan, the retail floor area must not exceed:

(a) 67% of the gross floor area of the industry or rural industry located on the same land as the retail outlet, or

(b) 400 square metres,

whichever is the lesser.

(5) **Farm stay accommodation** If development for the purposes of farm stay accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

(6) **Kiosks** If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 50 square metres.

(7) **Neighbourhood shops** If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed 100 square metres.

(8) **Roadside stalls** If development for the purposes of a roadside stall is permitted under this Plan, the gross floor area must not exceed 20 square metres.

(9) **Secondary dwellings** If development for the purposes of a secondary dwelling is permitted under this Plan, the total floor area of the dwelling (excluding any area used for parking) must not exceed whichever of the following is the greater:

(a) 60 square metres,

(b) 25% of the total floor area of the principal dwelling.

5.5 Development within the coastal zone

[Not applicable]
5.6 Architectural roof features

(1) The objectives of this clause are as follows:
   (a) to provide flexibility in building height limits where architectural roof features result in minor encroachments.

(2) Development that includes an architectural roof feature that exceeds, or causes a building to exceed, the height limits set by clause 4.3 may be carried out, but only with development consent.

(3) Development consent must not be granted to any such development unless the consent authority is satisfied that:
   (a) the architectural roof feature:
       (i) comprises a decorative element on the uppermost portion of a building, and
       (ii) is not an advertising structure, and
       (iii) does not include floor space area and is not reasonably capable of modification to include floor space area, and
       (iv) will cause minimal overshadowing, and
   (b) any building identification signage or equipment for servicing the building (such as plant, lift motor rooms, fire stairs and the like) contained in or supported by the roof feature is fully integrated into the design of the roof feature.

5.7 Development below mean high water mark

[Not applicable]

5.8 Conversion of fire alarms

(1) This clause applies to a fire alarm system that can be monitored by Fire and Rescue NSW or by a private service provider.

(2) The following development may be carried out, but only with development consent:
   (a) converting a fire alarm system from connection with the alarm monitoring system of Fire and Rescue NSW to connection with the alarm monitoring system of a private service provider,
   (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,
   (c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.

(3) Development to which subclause (2) applies is complying development if it consists only of:
   (a) internal alterations to a building, or
(b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.

(4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.

(5) In this clause:

private service provider means a person or body that has entered into an agreement that is in force with Fire and Rescue NSW to monitor fire alarm systems.

5.9 Preservation of trees or vegetation

(1) The objective of this clause is to preserve the amenity of the area, including biodiversity values, through the preservation of trees and other vegetation.

(2) This clause applies to species or kinds of trees or other vegetation that are prescribed for the purposes of this clause by a development control plan made by the Council.

Note. A development control plan may prescribe the trees or other vegetation to which this clause applies by reference to species, size, location or other manner.

(3) A person must not ringbark, cut down, top, lop, remove, injure or wilfully destroy any tree or other vegetation to which any such development control plan applies without the authority conferred by:

(a) development consent, or

(b) a permit granted by the Council.

(4) The refusal by the Council to grant a permit to a person who has duly applied for the grant of the permit is taken for the purposes of the Act to be a refusal by the Council to grant consent for the carrying out of the activity for which a permit was sought.

(5) This clause does not apply to a tree or other vegetation that the Council is satisfied is dying or dead and is not required as the habitat of native fauna.

(6) This clause does not apply to a tree or other vegetation that the Council is satisfied is a risk to human life or property.

(7) A permit under this clause cannot allow any ringbarking, cutting down, topping, lopping, removal, injuring or destruction of a tree or other vegetation:

(a) that is or forms part of a heritage item or that is within a heritage conservation area, or

(b) that is or forms part of an Aboriginal object or that is within an Aboriginal place of heritage significance,

unless the Council is satisfied that the proposed activity:

(c) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object,
Aboriginal place of heritage significance or heritage conservation area, and

(d) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or heritage conservation area.

**Note.** As a consequence of this subclause, the activities concerned will require development consent. The heritage provisions of clause 5.10 will be applicable to any such consent.

(8) This clause does not apply to or in respect of:

(a) the clearing of native vegetation:
   (i) that is authorised by a development consent or property vegetation plan under the *Native Vegetation Act 2003*, or
   (ii) that is otherwise permitted under Division 2 or 3 of Part 3 of that Act, or

(b) the clearing of vegetation on State protected land (within the meaning of clause 4 of Schedule 3 to the *Native Vegetation Act 2003*) that is authorised by a development consent under the provisions of the *Native Vegetation Conservation Act 1997* as continued in force by that clause, or

(c) trees or other vegetation within a State forest, or land reserved from sale as a timber or forest reserve under the *Forestry Act 1916*, or

(d) action required or authorised to be done by or under the *Electricity Supply Act 1995*, the *Roads Act 1993* or the *Surveying and Spatial Information Act 2002*, or

(e) plants declared to be noxious weeds under the *Noxious Weeds Act 1993*.

**Note.** Permissibility may be a matter that is determined by or under any of these Acts.

(9) [Not adopted]

### 5.9AA Trees or vegetation not prescribed by development control plan

(1) This clause applies to any tree or other vegetation that is not of a species or kind prescribed for the purposes of clause 5.9 by a development control plan made by the Council.

(2) The ringbarking, cutting down, topping, lopping, removal, injuring or destruction of any tree or other vegetation to which this clause applies is permitted without development consent.

### 5.10 Heritage conservation

**Note.** Heritage items (if any) are listed and described in Schedule 5. Heritage conservation areas (if any) are shown on the *Heritage Map* as well as being described in Schedule 5.

(1) **Objectives** The objectives of this clause are as follows:

   (a) to conserve the environmental heritage of Camden,

   (b) to conserve the heritage significance of heritage items and heritage conservation areas, including associated fabric, settings and views,

   (c) to conserve archaeological sites,
(d) to conserve Aboriginal objects and Aboriginal places of heritage significance.

(2) **Requirement for consent** Development consent is required for any of the following:

(a) demolishing or moving any of the following or altering the exterior of any of the following (including, in the case of a building, making changes to its detail, fabric, finish or appearance):
   (i) a heritage item,
   (ii) an Aboriginal object,
   (iii) a building, work, relic or tree within a heritage conservation area,

(b) altering a heritage item that is a building by making structural changes to its interior or by making changes to anything inside the item that is specified in Schedule 5 in relation to the item,

(c) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,

(d) disturbing or excavating an Aboriginal place of heritage significance,

(e) erecting a building on land:
   (i) on which a heritage item is located or that is within a heritage conservation area, or
   (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance,

(f) subdividing land:
   (i) on which a heritage item is located or that is within a heritage conservation area, or
   (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance.

(3) **When consent not required** However, development consent under this clause is not required if:

(a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development:
   (i) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or archaeological site or a building, work, relic, tree or place within the heritage conservation area, and
   (ii) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place, archaeological site or heritage conservation area, or

(b) the development is in a cemetery or burial ground and the proposed development:
   (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and
(ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to an Aboriginal place of heritage significance, or

(c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or

(d) the development is exempt development.

4 Effect of proposed development on heritage significance The consent authority must, before granting consent under this clause in respect of a heritage item or heritage conservation area, consider the effect of the proposed development on the heritage significance of the item or area concerned. This subclause applies regardless of whether a heritage management document is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).

5 Heritage assessment The consent authority may, before granting consent to any development:

(a) on land on which a heritage item is located, or

(b) on land that is within a heritage conservation area, or

(c) on land that is within the vicinity of land referred to in paragraph (a) or (b),

require a heritage management document to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.

6 Heritage conservation management plans The consent authority may require, after considering the heritage significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.

7 Archaeological sites The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the Heritage Act 1977 applies):

(a) notify the Heritage Council of its intention to grant consent, and

(b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

8 Aboriginal places of heritage significance The consent authority must, before granting consent under this clause to the carrying out of development in an Aboriginal place of heritage significance:

(a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place by means of an adequate investigation and assessment (which may involve consideration of a heritage impact statement), and

(b) notify the local Aboriginal communities, in writing or in such other manner as may be appropriate, about the application and take into consideration any response received within 28 days after the notice is sent.
(9) **Demolition of nominated State heritage items** The consent authority must, before granting consent under this clause for the demolition of a nominated State heritage item:

(a) notify the Heritage Council about the application, and

(b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

(10) **Conservation incentives** The consent authority may grant consent to development for any purpose of a building that is a heritage item or of the land on which such a building is erected, or for any purpose on an Aboriginal place of heritage significance, even though development for that purpose would otherwise not be allowed by this Plan, if the consent authority is satisfied that:

(a) the conservation of the heritage item or Aboriginal place of heritage significance is facilitated by the granting of consent, and

(b) the proposed development is in accordance with a heritage management document that has been approved by the consent authority, and

(c) the consent to the proposed development would require that all necessary conservation work identified in the heritage management document is carried out, and

(d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, or the heritage significance of the Aboriginal place of heritage significance, and

(e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

5.11 **Bush fire hazard reduction**

Bush fire hazard reduction work authorised by the *Rural Fires Act 1997* may be carried out on any land without development consent.

**Note.** The *Rural Fires Act 1997* also makes provision relating to the carrying out of development on bush fire prone land.

5.12 **Infrastructure development and use of existing buildings of the Crown**

(1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

(2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

5.13 **Eco-tourist facilities**

[Not adopted]
Part 6 Urban release areas

6.1 Arrangements for designated State public infrastructure

(1) The objective of this clause is to require satisfactory arrangements to be made for the provision of designated State public infrastructure before the subdivision of land in an urban release area to satisfy needs that arise from development on the land, but only if the land is developed intensively for urban purposes.

(2) Development consent must not be granted for the subdivision of land in an urban release area:

(a) if the subdivision would create a lot smaller than the minimum lot size permitted on the land immediately before the land became, or became part of, an urban release area, or

(b) in the case of land in Zone R1 General Residential in the urban release area shown as “Lakeside” on the Urban Release Area Map—if the subdivision would create a lot with an area of less than 40 hectares,

unless the Director-General has certified in writing to the consent authority that satisfactory arrangements have been made to contribute to the provision of designated State public infrastructure in relation to that lot.

(3) Subclause (2) does not apply to:

(a) any lot identified in the certificate as a residue lot, or

(b) any lot to be created by a subdivision of land that was the subject of a previous development consent granted in accordance with this clause, or

(c) any lot that is proposed in the development application to be reserved or dedicated for public open space, public roads, public utility undertakings, educational facilities or any other public purpose, or

(d) a subdivision for the purpose only of rectifying an encroachment on any existing lot, or

(e) any land in Zone RU1 Primary Production, SP2 Infrastructure, RE1 Public Recreation, RE2 Private Recreation, E1 National Parks and Nature Reserves, E2 Environmental Conservation or E4 Environmental Living.

(4) This clause does not apply to land in an urban release area if all or any part of the land is in a special contributions area (as defined by section 93C of the Act).

6.2 Public utility infrastructure

(1) Development consent must not be granted for development on land in an urban release area unless the Council is satisfied that any public utility infrastructure that is essential for the proposed development is available or that adequate arrangements have been made to make that infrastructure available when it is required.

(2) This clause does not apply to development for the purpose of providing, extending, augmenting, maintaining or repairing any public utility infrastructure.
6.3 Development control plan

(1) The objective of this clause is to ensure that development on land in an urban release area occurs in a logical and cost-effective manner, in accordance with a staging plan and only after a development control plan that includes specific controls has been prepared for the land.

(2) Development consent must not be granted for development on land in an urban release area unless a development control plan that provides for the matters specified in subclause (3) has been prepared for the land.

(3) The development control plan must provide for all of the following:

(a) a staging plan for the timely and efficient release of urban land making provision for necessary infrastructure and sequencing,
(b) an overall transport movement hierarchy showing the major circulation routes and connections to achieve a simple and safe movement system for private vehicles, public transport, pedestrians and cyclists,
(c) an overall landscaping strategy for the protection and enhancement of riparian areas and remnant vegetation, including visually prominent locations, and detailed landscaping requirements for both the public and private domain,
(d) a network of passive and active recreational areas,
(e) stormwater and water quality management controls,
(f) amelioration of natural and environmental hazards, including bush fire, flooding and site contamination and, in relation to natural hazards, the safe occupation of, and the evacuation from, any land so affected,
(g) detailed urban design controls for significant development sites,
(h) measures to encourage higher density living around transport, open space and service nodes,
(i) measures to accommodate and control appropriate neighbourhood commercial and retail uses,
(j) suitably located public facilities and services, including provision for appropriate traffic management facilities and parking.

(4) Subclause (2) does not apply to any of the following development:

(a) a subdivision for the purpose of a realignment of boundaries that does not create additional lots,
(b) a subdivision of land if any of the lots proposed to be created is to be reserved or dedicated for public open space, public roads or any other public or environmental protection purpose,
(c) a subdivision of land in a zone in which the erection of structures is prohibited,
(d) proposed development on land that is of a minor nature only, if the consent authority is of the opinion that the carrying out of the proposed development would be consistent with the
objectives of the zone in which the land is situated.

6.4 Relationship between Part and remainder of Plan

A provision of this Part prevails over any other provision of this Plan to the extent of any inconsistency.

6.5 Matters to be specifically considered for residential development at Spring Farm

(1) Before granting consent for the subdivision of the urban release area shown as “Spring Farm” on the Urban Release Area Map, the consent authority must consider whether:

(a) remnant vegetation and bush corridors will be protected, enhanced and managed, and

(b) adverse odour impacts from the Macarthur Resource Recovery Park will be mitigated.

(2) In this clause:

Macarthur Resource Recovery Park means the land shown as “Macarthur Resource Recovery Park” on the Urban Release Area Map.

Part 7 Additional local provisions

7.1 Flood planning

(1) The objectives of this clause are as follows:

(a) to minimise the flood risk to life and property associated with the use of land,

(b) to allow development on land that is compatible with the land’s flood hazard, taking into account projected changes as a result of climate change,

(c) to avoid significant adverse impacts on flood behaviour and the environment.

(2) This clause applies to land at or below the flood planning level.

(3) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that the development:

(a) is compatible with the flood hazard of the land, and

(b) is not likely to significantly adversely affect flood behaviour resulting in detrimental increases in the potential flood affectation of other development or properties, and

(c) incorporates appropriate measures to manage risk to life from flood, and

(d) is not likely to significantly adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses, and

(e) is not likely to result in unsustainable social and economic costs to the community as a consequence of flooding.

(4) A word or expression used in this clause has the same meaning as it has in the NSW Government’s Floodplain Development Manual published in 2005, unless it is otherwise defined.
in this clause.

(5) In this clause:

flood planning level means the level of a 1:100 ARI (average recurrent interval) flood event plus 0.6 metre freeboard.

7.2 Airspace operations

(1) Development consent must not be granted to development if the consent authority is satisfied that the proposed development will penetrate the Obstacle Limitation Surface as shown on the Obstacle Limitation Surface Map.

(2) Before granting development consent to development on land shown on the Obstacle Limitation Surface Map for which an obstacle limitation surface is identified the consent authority must give written notice of the proposed development to the relevant Commonwealth body and take into account any comments received from that body within 28 days after the notice is given.

(3) Before granting development consent to development on land shown on the Procedures for Air Navigation Services—Aircraft Operations Map for which a PANS-OPS surface is identified the consent authority must take into account whether the proposed development may compromise the effective and on-going operation of Camden Airport.

(4) In this clause:

Obstacle Limitation Surface Map means the Obstacle Limitation Surface Map for the Camden Airport prepared by the operators of Camden Airport and approved by the relevant Commonwealth body or relevant Commonwealth Minister.

Procedures for Air Navigation Services—Aircraft Operations Map means the Procedures for Air Navigation Services—Aircraft Operations Map for the Camden Airport prepared by the operators of Camden Airport and approved by the relevant Commonwealth body or relevant Commonwealth Minister.

relevant Commonwealth body means the body that is responsible for development decisions relating to the Camden Airport under Commonwealth legislation.

relevant Commonwealth Minister means the Minister responsible for development decisions relating to the Camden Airport under Commonwealth legislation.

7.3 Development in areas subject to airport noise

(1) The objectives of this clause are as follows:

(a) to prevent certain noise sensitive developments from being located near the Camden Airport and its flight paths,

(b) to assist in minimising the impact of aircraft noise from that airport and its flight paths by requiring appropriate noise attenuation measures in noise sensitive buildings,

(c) to ensure that land use and development in the vicinity of that airport do not hinder or have any other adverse impact on the ongoing, safe and efficient operation of that airport.
(2) The consent authority must not grant development consent for the purposes of caravan parks, child care centres, education establishments, hospitals or residential accommodation if the development will be in ANEF contour 25 or higher.

(3) Before granting consent to development for the following purposes on land in the vicinity of Camden Airport, the consent authority must consider whether the development will meet AS 2021—2000, *Acoustics—Aircraft noise intrusion—Building siting and construction* with respect to interior noise levels:

(a) if the development will be in ANEF contour 20 to 25—caravan parks, child care centres, educational establishments, hospitals and residential accommodation,

(b) if the development will be in ANEF contour 25 or higher—business premises, community facilities, light industry, places of public worship or retail premises.

(4) In this clause:

*ANEF contour* means a noise exposure contour shown as an ANEF contour on the Noise Exposure Forecast Contour Map for the Camden Airport prepared by the Department of the Commonwealth responsible for airports.

### 7.4 Earthworks

(1) The objectives of this clause are as follows:

(a) to ensure that earthworks for which development consent is required will not have a detrimental impact on environmental functions and processes, neighbouring uses, cultural or heritage items or features of the surrounding land,

(b) to allow earthworks of a minor nature without separate development consent.

(2) Development consent is required for earthworks unless:

(a) the work is exempt development under this Plan or another applicable environmental planning instrument, or

(b) the work is ancillary to other development for which development consent has been given.

(3) Before granting development consent for earthworks, the consent authority must consider the following matters:

(a) the likely disruption of, or any detrimental effect on, existing drainage patterns and soil stability in the locality,

(b) the effect of the proposed development on the likely future use or redevelopment of the land,

(c) the quality of the fill or the soil to be excavated, or both,

(d) the effect of the proposed development on the existing and likely amenity of adjoining properties,

(e) the source of any fill material and the destination of any excavated material,
(f) the likelihood of disturbing relics,

(g) the proximity to and potential for adverse impacts on any watercourse, drinking water catchment or environmentally sensitive area.

Note. The National Parks and Wildlife Act 1974, particularly section 86, deals with disturbing or excavating land and Aboriginal objects.

7.5 Child care centres

(1) The objectives of this clause are as follows:

(a) to ensure that child care centres do not unreasonably impact on the amenity of adjoining residential development,

(b) to ensure that child care centres do not adversely affect traffic and pedestrian safety due to increased traffic congestion.

(2) Before granting development consent to the erection of a child care centre on land in Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential or Zone R5 Large Lot Residential the consent authority must consider whether the land:

(a) has an area of not less than 1,200 square metres, and

(b) has a boundary that adjoins an existing or proposed classified road.

7.6 Sex services premises

(1) The objective of this clause is to minimise land use conflicts and adverse amenity impacts by providing a reasonable level of separation between sex services premises, specified land uses and places regularly frequented by children.

(2) Development consent must not be granted to development for the purposes of sex services premises if the premises will be located on land that adjoins, is directly opposite or is separated only by a local road from land:

(a) in Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential or Zone RE1 Public Recreation, or

(b) used for the purposes of a child care centre, a community facility, a school or a place of public worship.

(3) In deciding whether to grant consent to development for the purposes of sex services premises, the consent authority must consider the impact the proposed development would have on any place likely to be regularly frequented by children.

7.7 Restricted premises

(1) Development consent must not be granted to development for the purposes of restricted premises if the premises will be located on land that abuts, or is separated only by a road from land:

(a) in Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential or Zone RE1 Public Recreation, or

(b) used for the purposes of a community facility, school or place of public worship.
In deciding whether to grant consent to development for the purposes of restricted premises, the consent authority must consider:

(a) the impact of the proposed development on places of high pedestrian activity, and
(b) the impact of the proposed development on land frequented by children for care, recreational or cultural purposes, and
(c) whether the appearance of the restricted premises is sufficiently discreet.

7.8 Road widening of Camden Valley Way, Catherine Field (Camden Lakeside)

(1) This clause applies to the following land in Part Lot 1, DP 816841:

(a) land within 16 metres of the boundary of Lot 3, DP 746767,
(b) land within 255 metres of the boundary of Lot 3, DP 746767, that is also within 31 metres from the boundary of Raby Road.

(2) Before granting consent to the carrying out of development on land to which this clause applies, the consent authority must:

(a) notify the Roads and Traffic Authority of its intention to grant consent, and
(b) take into consideration any response received from the Roads and Traffic Authority within 28 days after the notice is sent.

### Dictionary

**Aboriginal object** means any deposit, object or other material evidence (not being a handicraft made for sale) relating to the Aboriginal habitation of an area of New South Wales, being habitation before or concurrent with (or both) the occupation of that area by persons of non-Aboriginal extraction, and includes Aboriginal remains.

**Aboriginal place of heritage significance** means an area of land, the general location of which is identified in an Aboriginal heritage study adopted by the Council after public exhibition and that may be shown on the Heritage Map, that is:

(a) the site of one or more Aboriginal objects or a place that has the physical remains of pre-European occupation by, or is of contemporary significance to, the Aboriginal people. It may (but need not) include items and remnants of the occupation of the land by Aboriginal people, such as burial places, engraving sites, rock art, midden deposits, scarred and sacred trees and sharpening grooves, or

(b) a natural Aboriginal sacred site or other sacred feature. It includes natural features such as creeks or mountains of long-standing cultural significance, as well as initiation, ceremonial or story places or areas of more contemporary cultural significance.

**Note.** The term may include (but is not limited to) places that are declared under section 84 of the National Parks and Wildlife Act 1974 to be Aboriginal places for the purposes of that Act.

**acid sulfate soils** means naturally occurring sediments and soils containing iron sulfides (principally pyrite) or their precursors or oxidation products, whose exposure to oxygen leads to the generation of sulfuric acid (for example, by drainage or excavation).

**Acid Sulfate Soils Manual** means the manual by that name published by the Acid Sulfate Soils Management Advisory Committee and made publicly available.

**Additional Permitted Uses Map** means the Camden Local Environmental Plan 2010 Additional Permitted Uses Map.

**advertisement** has the same meaning as in the Act.

**Note.** The term is defined as a sign, notice, device or representation in the nature of an advertisement visible from any public place or public reserve or from any navigable water.

**advertising structure** has the same meaning as in the Act.
Note. The term is defined as a structure used or to be used principally for the display of an advertisement. Advertising structures are a type of signage—see the definition of that term in this Dictionary.

**affordable housing** has the same meaning as in the Act.

Note. The term is defined as housing for very low income households, low income households or moderate income households, being such households as are prescribed by the regulations or as are provided for in an environmental planning instrument.

**agricultural produce industry** means a building or place used for the handling, treating, processing or packing, for commercial purposes, of produce from agriculture (including dairy products, seeds, fruit, vegetables or other plant material), and includes wineries, flour mills, cotton seed oil plants, cotton gins, feed mills, cheese and butter factories, and juicing or canning plants, but does not include a livestock processing industry.

Note. Agricultural produce industries are a type of rural industry—see the definition of that term in this Dictionary.

**agriculture** means any of the following:

(a) aquaculture,

(b) extensive agriculture,

(c) intensive livestock agriculture,

(d) intensive plant agriculture.

Note. Part 6 of the Plantations and Reafforestation Act 1999 provides that exempt farm forestry within the meaning of that Act is not subject to the Environmental Planning and Assessment Act 1979.

**air transport facility** means an airport or a heliport that is not part of an airport, and includes associated communication and air traffic control facilities or structures.

**airport** means a place that is used for the landing, taking off, parking, maintenance or repair of aeroplanes, and includes associated buildings, installations, facilities and movement areas and any heliport that is part of the airport.

Note. Airports are a type of air transport facility—see the definition of that term in this Dictionary.

**airstrip** means a single runway for the landing, taking off or parking of aeroplanes for private aviation only, but does not include an airport, heliport or helipad.

**amusement centre** means a building or place (not being part of a pub or registered club) used principally for playing:

(a) billiards, pool or other like games, or

(b) electronic or mechanical amusement devices, such as pinball machines, computer or video games and the like.

**animal boarding or training establishment** means a building or place used for the breeding, boarding, training, keeping or caring of animals for commercial purposes (other than for the agistment of horses), and includes any associated riding school or ancillary veterinary hospital.

**aquaculture** has the same meaning as in the Fisheries Management Act 1994.

Note. Aquaculture is a type of agriculture—see the definition of that term in this Dictionary.

**archaeological site** means a place that contains one or more relics.
**attached dwelling** means a building containing 3 or more dwellings, where:

(a) each dwelling is attached to another dwelling by a common wall, and

(b) each of the dwellings is on its own lot of land, and

(c) none of the dwellings is located above any part of another dwelling.

**Note.**
Attached dwellings are a type of residential accommodation—see the definition of that term in this Dictionary.

**attic** means any habitable space, but not a separate dwelling, contained wholly within a roof above the ceiling line of the storey immediately below, except for minor elements such as dormer windows and the like.

**backpackers’ accommodation** means a building or place that:

(a) provides temporary or short-term accommodation on a commercial basis, and

(b) has shared facilities, such as a communal bathroom, kitchen or laundry, and

(c) provides accommodation on a bed or dormitory-style basis (rather than by room).

**Note.**
Backpackers’ accommodation is a type of tourist and visitor accommodation—see the definition of that term in this Dictionary.

**basement** means the space of a building where the floor level of that space is predominantly below ground level (existing) and where the floor level of the storey immediately above is less than 1 metre above ground level (existing).

**bed and breakfast accommodation** means an existing dwelling in which temporary or short-term accommodation is provided on a commercial basis by the permanent residents of the dwelling and where:

(a) meals are provided for guests only, and

(b) cooking facilities for the preparation of meals are not provided within guests’ rooms, and

(c) dormitory-style accommodation is not provided.

**Note.** See clause 5.4 for controls relating to the number of bedrooms for bed and breakfast accommodation.

Bed and breakfast accommodation is a type of tourist and visitor accommodation—see the definition of that term in this Dictionary.

**bee keeping** means a building or place used for the keeping and breeding of bees for commercial purposes.

**Note.**
Bee keeping is a type of extensive agriculture—see the definition of that term in this Dictionary.

**biodiversity** means biological diversity.

**biological diversity** has the same meaning as in the Threatened Species Conservation Act 1995.

**Note.**
The term is defined as follows:

**biological diversity** means the diversity of life and is made up of the following 3 components:
(a) genetic diversity—the variety of genes (or units of heredity) in any population,
(b) species diversity—the variety of species,
(c) ecosystem diversity—the variety of communities or ecosystems.

*biosolids treatment facility* means a building or place used as a facility for the treatment of biosolids from a sewage treatment plant or from a water recycling facility.

**Note.** Biosolids treatment facilities are a type of *sewage system*—see the definition of that term in this Dictionary.

*boarding house* means a building that:

(a) is wholly or partly let in lodgings, and
(b) provides lodgers with a principal place of residence for 3 months or more, and
(c) may have shared facilities, such as a communal living room, bathroom, kitchen or laundry, and
(d) has rooms, some or all of which may have private kitchen and bathroom facilities, that accommodate one or more lodgers,

but does not include backpackers’ accommodation, a group home, hotel or motel accommodation, seniors housing or a serviced apartment.

**Note.** Boarding houses are a type of *residential accommodation*—see the definition of that term in this Dictionary.

*boat building and repair facility* means any facility (including a building or other structure) used primarily for the construction, maintenance or repair of boats, whether or not including the storage, sale or hire of boats, but does not include a marina or boat shed.

*boat shed* means a building or other structure used for the storage and routine maintenance of a boat or boats and that is associated with a private dwelling or non-profit organisation, and includes any skid used in connection with the building or other structure.

*brothel* has the same meaning as in the Act.

**Note.** This definition is relevant to the definitions of *home occupation (sex services)* and *sex services premises* in this Dictionary.

*building* has the same meaning as in the Act.

**Note.** The term is defined to include part of a building and any structure or part of a structure, but not including a manufactured home, a moveable dwelling or associated structure (or part of a manufactured home, moveable dwelling or associated structure).

*building height* (or *height of building*) means the vertical distance between ground level (existing) and the highest point of the building, including plant and lift overruns, but excluding communication devices, antennae, satellite dishes, masts, flagpoles, chimneys, flues and the like.

*building identification sign* means a sign that identifies or names a building and that may include the name of a building, the street name and number of a building, and a logo or other symbol but does not include general advertising of products, goods or services.
Note.

Building identification signs are a type of signage—see the definition of that term in this Dictionary.

**building line** or **setback** means the horizontal distance between the property boundary or other stated boundary (measured at 90 degrees from the boundary) and:

(a) a building wall, or

(b) the outside face of any balcony, deck or the like, or

(c) the supporting posts of a carport or verandah roof,

whichever distance is the shortest.

**bulky goods premises** means a building or place the principal purpose of which is the sale, hire or display of bulky goods, being goods that are of such size or weight as to require:

(a) a large area for handling, display or storage, and

(b) direct vehicular access to the site of the building or place by members of the public for the purpose of loading or unloading such goods into or from their vehicles after purchase or hire,

and including goods such as floor and window supplies, furniture, household electrical goods, equestrian supplies and swimming pools, but does not include a building or place used for the sale of foodstuffs or clothing unless their sale is ancillary to the sale or hire or display of bulky goods.

Note.

Bulky goods premises are a type of **retail premises**—see the definition of that term in this Dictionary.

**bush fire hazard reduction work** has the same meaning as in the *Rural Fires Act 1997*.

Note.

The term is defined as follows:

**bush fire hazard reduction work** means:

(a) the establishment or maintenance of fire breaks on land, and

(b) the controlled application of appropriate fire regimes or other means for the reduction or modification of available fuels within a predetermined area to mitigate against the spread of a bush fire,

but does not include construction of a track, trail or road.

**bush fire prone land** has the same meaning as in the Act.

Note. The term is defined, in relation to an area, as land recorded for the time being as bush fire prone land on a map for the area certified as referred to in section 146 (2) of the Act.

**bush fire risk management plan** means a plan prepared under Division 4 of Part 3 of the *Rural Fires Act 1997* for the purpose referred to in section 54 of that Act.

**business identification sign** means a sign:

(a) that indicates:

(i) the name of the person or business, and

(ii) the nature of the business carried on by the person at the premises or place at which the sign is displayed, and
(b) that may include the address of the premises or place and a logo or other symbol that identifies the business, but that does not contain any advertising relating to a person who does not carry on business at the premises or place.

Note.

Business identification signs are a type of signage—see the definition of that term in this Dictionary.

**business premises** means a building or place at or on which:

(a) an occupation, profession or trade (other than an industry) is carried on for the provision of services directly to members of the public on a regular basis, or

(b) a service is provided directly to members of the public on a regular basis,

and includes a funeral home and, without limitation, premises such as banks, post offices, hairdressers, dry cleaners, travel agencies, internet access facilities, betting agencies and the like, but does not include an entertainment facility, home business, home occupation, home occupation (sex services), medical centre, restricted premises, sex services premises or veterinary hospital.

Note.
